

# Environment Setup

## Docker Account Creation

Team ID	PNT2022TMID04940
Project Name	Nutrition Assistant Application

**HARIKRISHNAN M**

The screenshot shows the Docker Hub website interface. At the top, there's a navigation bar with the Docker Hub logo, a search bar, and links for Explore, Repositories, Organizations, and Help. A yellow 'Upgrade' button and the user profile 'harikrishnan007' are on the right. A dark blue banner at the top of the main content area reads: 'Please check your inbox to verify the email associated with this account. You won't be able to create a repository or configure your Docker Hub without verifying your email address.' Below this, a purple banner promotes Wasm as a fast, light alternative to Linux containers. The main content area has a large blue box with the text 'Welcome to Docker' and 'Download the desktop application', with a 'Download for Windows' button. Below this, three white boxes with icons and text provide links to 'Create a Repository', 'Docker Hub Basics', and 'Language-Specific Guides'.

Welcome to Docker

**Download the desktop application**

Download for Windows

Also available for Mac and Linux

**Create a Repository**  
Push container images to a repository on Docker Hub.

**Docker Hub Basics**  
Watch the guide on how to create and push your first image into a Docker Hub repository.

**Language-Specific Guides**  
Learn how to containerize language-specific applications using Docker.

## Choose a Plan

Select a plan to get started with Docker

### Personal

Includes the Docker essentials and is ideal for individual developers, education, open source communities, and small businesses.

# \$0

- Docker Desktop
- Unlimited public repositories
- Docker Engine + Kubernetes
- Limited image pulls per day
- Unlimited scoped tokens

### Pro

Extends the Docker capabilities and includes pro tools for individual developers who want to accelerate their productivity.

# \$5 /month

- ← Everything in Personal, plus:
- Docker Desktop
  - Unlimited private repositories
  - 5,000 image pulls per day
  - 5 concurrent builds
  - 300 vulnerability scans

### Team

Ideal for teams and includes capabilities for enhanced collaboration, productivity and security.

# \$9 /user/month max 100 users

minimum 5 seats

- ← Everything in Pro, plus:
- Docker Desktop
  - Unlimited teams
  - 15 concurrent builds
  - Unlimited vulnerability scans
  - Add users in bulk
  - Audit logs

### Business

Ideal for medium and large businesses who need centralized management and advanced security capabilities.

# \$24 /user/month

only available with an annual subscription

- ← Everything in Team, plus:
- Hardened Docker Desktop
  - Enhanced Container Isolation
  - Settings management
  - Centralized management
  - Image Access Management
  - Registry Access Management
